Oct 5, 2012 by hidder bae This application is the best thing for radio lovers. I use it for weeks and never had problems. They are constantly adding new radio stations and it's updated every time there is a new update. I love this application because there is no one to talk to! Also, my parents could use this for their job because when there is an important announcement you don't have to worry about missing it. Apr 18, 2011 by sysmuc2 I haven't tried the application, but based on my experience with many others, the interface doesn't really work on the iPad. The only way you can play the radio stations is by using your computer. For the past couple of weeks, I have been unable to get the radio stations to play. What's up with that? Feb 2, 2011 by babsd I'm happy with this app, the only problem is that when I'm home, I don't have to use my computer to listen to radio. But when I'm traveling, I wish it could provide the same experience as the radio in the car. So this is a definite thumbs up! Jan 29, 2011 by Some_Chicken First off, I want to say, I love this app. I usually turn on the radio at work, but the radio in my car is the biggest problem. You just can't have the radio station on a laptop or ipod in a car because the volume

What's New in the Radio Trance.fm?

Radio Trance.fm is a gadget developed for Windows desktops that provides fast access to the trance, DJ and party radio stations from Trance.fm, along with multiple stream types, namely 64kb/s, 128kb/s, 192kb/s and 320kb/s (MP3) to choose from. It is very simple to install and set up. The interface of the tool is based on a very small frame that you can move to any position on the screen, with the help of the mouse cursor. It immediately starts playing a radio station at startup, but you can pause the stream and select another channel from a list, by clicking the Refresh-like button. By opening the Options panel, you can disable the autoplay at startup. Unfortunately, Radio Trance.fm doesn't integrate other useful features or theme customizations. For example, you cannot adjust the volume level. However, thanks to the options provided by Windows by default, you can enable the frame to stay on top of other windows, as well as set its opacity level to a preset value, ranging between 20% and 100%. The gadget is not a concern to the computer's performance, as it uses a minimum quantity of CPU and RAM. Therefore, it doesn't disrupt user activity. It has a good response time and delivers quality audio. No error dialogs have been shown in our evaluation, and the app did not hang or crash. To conclude, Radio Trance.fm serves its purpose, giving users a faster alternative to listen to their favorite radio channels. by Version: 1.1.2 Size: 1.45 MB Rating: Downloads: 498 Date Added: May 14, 2012 Free Buy Radio Trance.fm is a gadget developed for Windows desktops that provides fast access to the trance, DJ and party radio stations from Trance.fm, along with multiple stream types, namely 64kb/s, 128kb/s, 192kb/s and 320kb/s (MP3) to choose from.
